

## Reference Operation Groups

### Wisdom Teeth - Surgical (200)

Third molar(s) Surgical Extraction  
Third molar(s) - Other  
Third Molar(s) Surgical Extraction - Distal  
Third Molar(s) Surgical Extraction - Horizontal  
Third Molar(s) Surgical Extraction - Mesial  
Third Molar(s) Surgical Extraction - Oblique/Atypical  
Third Molar(s) Surgical Extraction - Vertical  
Removal of 8 after failed coronectomy

### Coronectomy

Coronectomy (Intentional Partial Odontectomy)  
Coronectomy (Intentional Partial Odontectomy) - Distal  
Coronectomy (Intentional Partial Odontectomy) - Horizontal  
Coronectomy (Intentional Partial Odontectomy) - Mesial  
Coronectomy (Intentional Partial Odontectomy) - Oblique/Atypical  
Coronectomy (Intentional Partial Odontectomy) - Unspec. Tooth  
Coronectomy (Intentional Partial Odontectomy) - Vertical

### Extractions inc simple 8s (200)

Third molar - simple extraction  
Extraction - simple  
Extraction - surgical  
Root - surgical removal  
Clearance - full  
Clearance - lower  
Extraction - multiple  
Root - simple elevation  
Extraction - aided by division of roots using drill  
Extraction - primary dentition tooth

### Dental Abscess Drainage i/o & e/o (50)

Incision & Drainage I/O (Abscess)  
Incision & Drainage E/O(Abscess)  
Exploration of Tissue Spaces & Drainage  
Extraoral drainage of lesion of skin of head / neck

### Cysts (30)

Enucleation of Cyst  
Biopsy and marsupialisation of cyst  
Other - Cyst  
Biopsy and decompression of cyst - placement of drain e.g. grommet  
Biopsy of cyst  
Aspiration of cyst contents for cytology/analysis

### Exposure of teeth/removal of canines (15)

Extraction - surgical removal of Canine  
Exposure of tooth  
Exposure (Closed) impacted tooth (other) + bonding of bracket  
Exposure (Closed) palatal impacted canine + bonding of bracket  
Exposure (Open) impacted tooth (other) + bonding of bracket  
Exposure (Open) palatal impacted canine + bonding of bracket  
Exposure (Open) palatal impacted canine  
Impacted mandibular canine  
Impacted maxillary canine  
Odontome  
Impacted maxillary premolar  
Mesiodens  
Extraction - supernumerary tooth/teeth  
Impacted mandibular premolar  
Exposure (Open) buccal canine  
Exposure (Closed) buccal impacted canine + bonding of bracket  
Page : 45 of 59

## Reference Operation Groups

### Apicectomies (5)

Apicectomy  
Apicectomy + Retrograde Root Filling  
Apicectomy + Cyst / Granuloma Enucleation  
Other - Apicectomy

### Oro-antral fistula repair

Oro-Antral Fistula repair Buccal flap

Oro-Antral Fistula repair Palatal flap  
Oro-Antral Fistula repair Other  
Oro-Antral Fistula repair Buccal flap  
Oro-Antral Fistula repair Other  
Oro-Antral Fistula repair Palatal flap  
Oro-Antral Fistula repair Buccal fat pad flap  
Oro-Antral Fistula repair Buccal fat pad flap

## **Mandible (not open condyles) (100)**

Mandible Angle Closed reduction / Fixation (IMF)  
Mandible Angle Open Reduction + Fixation  
Mandible Body Closed reduction / fixation (IMF)  
Mandible Body Open Reduction + Fixation  
Mandible Condyle Closed Reduction + Fixation (IMF)  
Mandible Symphyseal Closed Reduction + Fixation (IMF)  
Mandible Symphyseal Open Reduction + Fixation  
Mandible Fracture other (edentulous)  
Mandible Angle Open Reduction + Fixation + IMF  
Mandible Body Open Reduction + Fixation + IMF  
Mandible Symphyseal Open Reduction + Fixation + IMF  
Mandible Symphyseal Open Reduction + Fixation Single plate  
Mandible Symphyseal Open Reduction + Fixation Single plate & Bridle wire  
Mandible Symphyseal Open Reduction + Fixation Two plates  
Mandible Fracture other (edentulous) intra-oral  
Mandible Angle Open Reduction + Fixation Oblique Ridge  
Mandible Angle Open Reduction + Fixation Trans-buccal

Page : 46 of 59

## **Reference Operation Groups**

### **Mandible Fractures (>1) not open condyle**

Mandible Bilateral Angle Closed reduction / Fixation  
Mandible Bilateral Angle Open Reduction + Fixation  
Mandible Bilateral Angle Oblique Ridge Plates  
Mandible Bilateral Angle Trans-buccal plates  
Mandible Bilateral Angle Open Reduction + Fixation + IMF  
Mandible Symph AND Body Closed reduction IMF  
Mandible Symph Single plate AND Body plated  
Mandible Symph Single plate & wire AND Body plated  
Mandible Symph Two plates AND Body plated  
Mandible Symph AND Body Open Reduction + Fixation + IMF  
Mandible Angle AND Parasymph Closed reduction / Fixation (IMF)  
Mandible Angle Oblique Ridge AND Symph Single plate  
Mandible Angle Oblique Ridge AND Symph Single plate & Wire  
Mandible Angle Oblique Ridge AND Symph Two plates  
Mandible Angle Trans-buccal AND Symph Single plate  
Mandible Angle Trans-buccal AND Symph Single plate & Wire  
Mandible Symph AND Condyle Closed reduction / Fixation (IMF)  
Mandible Symph Single plate AND Condyle not treated  
Mandible Symph Single plate & Bridle wire AND Condyle not treated  
Mandible Symph Two plates AND Condyle not treated  
Mandible Symph Single plate AND Condyle Buttons  
Mandible Symph Single plate & Bridle wire AND Condyle buttons  
Mandible Angle AND Condyle Closed reduction / Fixation (IMF)  
Mandible Angle Transbuccal AND Condyle not treated  
Mandible Angle Oblique Ridge AND Condyle not treated  
Mandible Angle Transbuccal AND Condyle Buttons  
Mandible Angle Oblique Ridge AND Condyle Buttons {V15.2}  
Mandible Angle Transbuccal AND Condyle archbars  
Mandible Angle Oblique Ridge AND Condyle archbars  
Mandible Symph Single plate & Bridle wire AND Condyle archbars  
Mandible Symph Single plate AND Condyle archbars  
Mandible Symph Two plates AND Condyle archbars  
Mandible Symph Two plates AND Condyle buttons  
Mandible Angle Trans-buccal AND Symph two plates

### **Open Condyles (inc scope assisted) (10)**

Mandible Condyle Open Reduction + Fixation  
Mandible Condyle Other  
Endoscopic assisted ORIF Condyle

### **Fractures of Maxilla (Le Fort 1-3) (5)**

Le Fort 1 External Fixation +/- IMF  
Le Fort 1 Internal Fixation +/- IMF  
Le Fort 2 External Fixation +/- IMF  
Le Fort 2 Internal Fixation +/- IMF

Le Fort 3 External Fixation +/- IMF

Le Fort 3 Internal Fixation +/- IMF

## **Fractures of Zygoma (40)**

Zygoma Closed

Zygoma Closed Reduction + external fixation

Zygoma Open Reduction + ZF plate

Zygoma Open Reduction + Infraorbital plate

Zygoma Open Reduction + Buttress Plate

Zygoma Antral Pack

Open Reduction Zygoma Other

Zygoma Open Reduction + Buttress + FZ + IOM Plate

Zygoma Open Reduction + Buttress + FZ Plate

Zygoma Open Reduction + Buttress + IOM Plate

Zygomatoc osteotomy post-traumatic deformity

Page : 47 of 59

## **Reference Operation Groups**

### **Nasal Fractures (inc naso-maxillary) (10)**

Nasal fracture closed Manipulation

Nasal fracture Open Reduction + Fixation

Naso-maxillary complex - closed reduction

Naso-maxillary complex - open reduction

### **Naso-orbital-ethmoid Frontal (5)**

Naso-orbital Closed Reduction + Fixation

Naso-orbital Open Reduction + Fixation

Naso-ethmoid Closed Reduction + Fixation

Naso-ethmoid Open Reduction + Fixation

Supraorbital Ridge fracture repair

Craniotomy complicating fracture repair

Cranialisation of frontal sinus

Internal fixation frontal bone of face

Obliteration of frontal sinus

Open reduction frontal bone fracture

### **Orbital Floor Repair (20)**

Orbital repair Alloplast

Orbital repair autogenous - see reconstructive for graft harvest

Unspec. plastic repair of orbit

Orbital repair - Patient Specific Implant

### **Ex-Fix Facial Fractures**

Mandible Angle External fixation

Mandible Body External fixation

Mandible Symphyseal External Fixation

Zygoma Closed Reduction + external fixation

Le Fort 1 External Fixation +/- IMF

Le Fort 2 External Fixation +/- IMF

Le Fort 3 External Fixation +/- IMF

Mandible Comminuted External Fixation

Mandible Symp AND Condyle External Fixation

Mandible Angle AND parasymph External Fixation

Mandible Angle AND Condyle External Fixation

Mandible Symp AND Body External Fixation

Mandible Complex Fractures External Fixation

### **Mandible Extra-oral approach**

Extra-oral plate - edentulous mandible

Extra-oral plate - dentate mandible

### **Bone Graft Harvesting**

Augmentation - bone harvest

Iliac crest cancellous only bone graft

Iliac crest block bone graft

Iliac crest trephine

Mandible bone graft

Calvarial bone graft

Compound Auto / Allograft bone graft

Harvesting of bone grafts: Calvarial split in situ (in vivo)

Harvesting of bone grafts: Calvarial with craniotomy + splitting (in vitro)

Harvesting of bone grafts or cartilage: Rib

Bone Harvest from tibia

Cancellous chip autograft of bone

Cancellous strip autograft of bone

Inlay autograft to cortex of bone

Rib and cartilage harvest  
Rib harvest  
Unspec. other autograft of bone  
Tibial bone harvest  
Page : 48 of 59

## Reference Operation Groups

### Coronal Flaps (10)

Coronal flap  
Coronal flap  
Hemi-coronal flap  
Removal of plates - coronal approach

### (SAC Bimax)

Bimax - second surgeon  
Bimax

### Bimaxillary Osteotomy

#### (SAC Single Jaw)

Single mandible  
Single mandible - second surgeon  
Single maxilla - second surgeon  
Single maxilla

### Mandibular osteotomy (40)

Sagittal split Set Back  
Sagittal split advancement  
Vertical Subsigmoid Intraoral  
Vertical Subsigmoid Extraoral  
Body & Angle Osteotomies  
Body Osteotomy  
Other - body osteotomy  
Segmental Mandibular  
Lower Labial Segmental  
Vertical Alveolar  
Kole Procedure  
Symphyseal Osteotomy  
Anterior Mandibuloplasty  
Posterior Segmental Mandibular  
Total Subapical Mandibular  
Other - Ramus procedure  
Sagittal split rotation to correct asymmetry  
Angle Osteotomy  
C Osteotomy  
Inverted L Osteotomy

### Maxillary osteotomy (30)

Le Fort 1 Advancement  
Le Fort 1 Impaction  
Le Fort 1 Extrusion  
Le Fort 1 Segmental  
Le Fort 1 Other  
Le Fort 2 + combinations  
Le Fort 3 + combinations  
Other - maxillary osteotomy  
Le Fort 1 - set back (retrusion)

### Genioplasty (5)

Genioplasty Vertical Reduction  
Genioplasty Horizontal Reduction  
Genioplasty Augmentation  
Genioplasty Advancement  
Genioplasty Set Back  
Rotation genioplasty for asymmetry

Page : 49 of 59

## Reference Operation Groups

### Malar / orbital osteotomy (4 inc O)

Malar Osteotomy  
Malar Augmentation  
Other - Malar osteotomy  
Orbital Osteotomy

### Complex/segmental max. or mandible (4 inc O)

Body & Angle Osteotomies  
Body Ostectomy  
Angle Ostectomy  
Other - body osteotomy  
Segmental Mandibular  
Lower Labial Segmental  
Vertical Alveolar  
Kole Procedure  
Symphyseal Ostectomy  
Anterior Mandibuloplasty  
Posterior Segmental Mandibular  
Total Subapical Mandibular  
Other - Ramus procedure  
Le Fort 1 Segmental

## **Orthognathic Joint/Planning Clinics**

Joint Orthognathic Clinic  
Orthognathic Planning Clinic

## **Parotid surgery inc ECD (25)**

Superficial Parotidectomy  
Total Conservative Parotidectomy  
Total Radical Parotidectomy  
Extended Radical Parotidectomy with temporal bone / petrousectomy  
Extracapsular Dissection  
Deep lobe tumour  
Superficial Parotidectomy (partial)

## **Submandibular gland removal (10)**

Submandibular Gland Excision

## **Neck dissections (30)**

Neck dissection - Supraomohyoid  
Neck dissection - Full functional  
Neck dissection - Modified radical  
Neck dissection - Radical  
Neck dissection - Supra-hyoid  
Neck dissection - other

## **Tracheostomy/Cricothyroidostomy (30)**

Tracheostomy - temporary  
Tracheostomy - permanent  
Cricothyroidostomy  
Tracheostomy  
Tracheostomy - permanent  
Tracheostomy - temporary  
Tracheostomy

Exteriorisation of trachea

## **Microvascular anastomosis - artery (10)**

Anastomosis - artery

## **Microvascular anastomosis - vein (10)**

Anastomosis - vein

Page : 50 of 59

## **Reference Operation Groups**

### **Oro-facial Resection (10)**

Excision of tumour (unspec.)  
Palate  
Partial Glossectomy  
Total Glossectomy  
Floor of mouth  
Laser destruction / ablation  
Craniofacial resection  
Sub-total glossectomy

### **Maxillectomies (5)**

Maxillary Decortication / Alveolectomy  
Hemimaxillectomy  
Partial Maxillectomy / Fenestration  
Total Maxillectomy

### **Mandibulectomies (5)**

Mandibular Rim resection  
Segmental Mandibulectomy

Hemimandibulectomy  
Subtotal Mandibulectomy  
Total Mandibulectomy

## **Local Flaps - skin / muscle (5)**

Excision & Flap Closure - Cancer  
Abbe-Estlander flap  
Other - lip flap  
Tongue flap  
Fan flap  
Forehead flap  
Karapandzic flap  
Temporalis flap  
Buccal fat pad flap  
Modified Bernard-Burrow Lip Flap  
Melolabial - superiorly based local flap  
O to Z plasty

Page : 51 of 59

## **Reference Operation Groups**

### **Raising distant flap - Free (10)**

Radial (soft tissue) flap  
Radial (composite) flap  
DCIA (bone only) flap  
DCIA (bone muscle) flap  
Fibula (bone only) flap  
Fibula (composite) flap  
Latissimus Dorsi (soft tissue) flap  
Latissimus Dorsi (muscle only) flap  
Latissimus Dorsi (composite) flap  
Scapula fasciocutaneous flap  
Scapula flap + Scapula  
Rectus Abdominus flap - muscle skin  
Jejunal flap  
Other flap - free  
ALT - Anterior Lateral Thigh  
ALT - Anterior Lateral Thigh perforator  
DCIA (bone + perforator flap to skin)  
DCIA (bone muscle skin) flap  
DIEP (Deep inf epigeastric perf.)  
Lateral Arm Flap  
Rectus Abdominus flap - muscle only  
TAP (Thoracodorsal artery perforator flap)  
Unspec. harvest of flap of skin and muscle of trunk  
Gracilis Free Flap  
Medial sural artery perforator flap (MSAP)  
superficial circumflex iliac artery perforator (SCIP) flap  
Peroneal artery perforator (PAP)  
Soleus Perforator Flap  
Internal mammary artery perforator flap  
Chimeric Scapular/Latissimus Dorsi Free Flap

### **Raising distant flap - Pedicled (2)**

Latissimus Dorsi Flap  
Pectoralis Major Flap  
Pectoralis Major + rib  
Dectopectoral flap  
Temporalis (+parietal)  
Tongue flap - pedicled  
Other flap - pedicled  
Submental island flap (pedicled)

### **Local Skin Flaps (50)**

Excision & Flap Closure - Cancer  
Local Excision Skin Lesion repaired with flap (choose flap type from Reconstructive Category)  
Rotational flap  
Advancement flap  
Nasolabial flap  
Delayed flap  
Soft tissue flap repair  
Excision & Flap Closure  
Scalp reconstruction by local flap/s  
Soft tissue repair / reconstruction by local flap  
Bilobed Flap  
Island Flap

Transposition flap  
Rhomboid Flap  
V Y Advancement  
“Antia - Buch “ flap for ear reconstruction  
Page : 52 of 59

## Reference Operation Groups

### Skin Biopsy or excision (50)

Excision & Primary Closure - Cancer  
Excision & Split Skin Graft - Cancer  
Excision & Wolfe Graft - Cancer  
Excision & Flap Closure - Cancer  
Excisional Biopsy - Cancer  
Local Excision Skin Lesion repaired with flap (choose flap type from Reconstructive Category)  
Excision & Primary Closure  
Excision & Split Skin Graft  
Excision & Wolfe Graft  
Excisional Biopsy  
Other - Cutaneous  
Excision of lipoma  
Incision of lesion of skin NEC  
Incision of lesion of skin of head / neck  
Incision of skin of head / neck  
Incisional Biopsy  
Excision of skin cyst  
Excision & dermal integration framework (e.g. Integra)

### Primary closure of skin after biopsy / excision (30)

Excision & Primary Closure - Cancer  
Excision & Primary Closure  
Primary Closure after biopsy or excision

### Grafts (split and full thickness) (20)

Excision & Wolfe Graft - Cancer  
Split skin graft  
Full thickness graft  
Full thickness graft to head / neck  
Excision & Split Skin Graft  
Excision & Wolfe Graft

### Suture/Repair - Skin / Oral (15)

Soft tissue primary closure  
Soft tissue flap repair  
Suture of palate  
Delayed primary suture of skin of head or neck  
Drainage of haematoma of external ear  
Oth.spec. suture of skin of head or neck  
Other - intraoral suturing  
Primary suture of skin of head / neck NEC  
Repair of external ear NEC  
Resuture of skin of head or neck  
Secondary suture of skin of head / neck  
Suture of external nose  
Suture of eyebrow  
Suture of skin of head or neck  
Suture of tongue  
Unspec. suture of skin of head / neck  
Repair of Lip Laceration  
Lackmann's I Superficial injury without muscle involvement  
Lackmann's IIA Deep injury with muscle involvement  
Lackmann's IIB Full thickness injury cheek / lip with oral mucosal involvement (through and through)  
Lackmann's IIIA Deep injury with tissue defect (complete avulsion)  
Lackmann's IIIB Deep avulsive injury exposing nasal and auricular cartilages  
Lackmann's IVA Deep injury with severed facial nerve and/or parotid duct  
Lackmann's IVB Deep injury with concomitant bony fracture

Page : 53 of 59

## Reference Operation Groups

### Open TMJ Surgery (10 inc O)

Meniscus Repair  
Meniscus Re-attachment  
Meniscectomy  
Meniscus Alloplastic Replacement  
Meniscus - Other

High Condylar Shave  
Condylectomy  
Condylotomy  
Gap Arthroplasty  
Condyle osteotomy other  
Dislocation Capsular Plication  
Eminectomy  
Zygomatic Arch Down fracture  
Eminence Augmentation  
Intraarticular arthroplasty of temporomandibular joint  
Open excision of intraarticular osteophyte

## **Arthrocentesis/arthroscopy (10)**

Intra-articular injection of Anaesthetic  
Other - puncture of joint  
Arthroscopy Upper Space Diagnostic  
Arthroscopy Lower Space Diagnostic  
Arthroscopy Upper Space Arthrocentesis  
Arthroscopy Lower Space Arthrocentesis  
Arthroscopic surgery  
Intra-articular injection Steroid injection  
Arthrocentesis

## **TMJ Replacement (4 inc O)**

TMJ Prosthesis glenoid fossa  
TMJ Prosthesis condyle head  
TMJ Prosthesis Total  
Removal of TMJ implant (partial or total)  
Reconstruction of temporomandibular with rib or similar  
Unspec. reconstruction of temporomandibular joint  
Revision of TMJ implant (partial or total)  
Revision of TMJ reconstruction (partial or total)

## **Fronto-orbital, Le Fort II / III / monobloc / post distraction (2 inc O)**

Frontal Bone Advancement / Set Back  
Facial bipartition  
Forehead remodelling without orbital advancement  
Frontofacial monobloc advancement  
Fronto-Orbital Advancement + Remodelling (FOAR) / equivalent  
Transcranial Lefort III  
Subcranial Le Fort III Osteotomy  
Le Fort III Osteotomy + Facial Bipartition  
Page : 54 of 59

## **Reference Operation Groups**

### **Cranioplasty inc Vault Surgery (2 inc O)**

Release of Cranial Synostosis  
Posterior release  
Remodelling Posterior Cranial Vault  
Strip craniectomy / suturectomy + / - Micro Barrel Staving  
Strip with lateral plication or equivalent  
Strip with pi- extension or equivalent  
Vault expansion - Lateral panel or equivalent  
Vault reconstruction / cranioplasty acrylic / substitute inlay  
Vault reconstruction / cranioplasty acrylic / substitute onlay  
Vault reconstruction / cranioplasty split calvarial  
Vault reconstruction / cranioplasty titanium plate  
Vault expansion - Posterior panel or equivalent  
Remodelling Anterior Cranial Vault  
Remodelling Total Cranial Vault  
Washout / Debridement of Cranial Vault Infection  
Distraction - Posterior vault expansion by distraction - Craniotomy and insertion of distractors

### **Distraction (2 inc O)**

External distractor-maxilla  
Internal distractor-maxilla  
External distractor-mandible  
Internal distractor-mandible  
Distraction Osteogenesis: External Device  
Distraction Osteogenesis: Internal Device  
Distraction Osteogenesis: Percutaneous Internal Device

### **Craniofacial Clinic**

Craniofacial Clinic

### **Lip Surgery (5 inc O)**

Primary Lip Repair  
Major full revision of cleft lip  
Cleft lip adhesion  
Unilateral cleft lip primary repair  
Bilateral cleft lip repair (1st stage)  
Bilateral cleft lip repair (2nd stage)  
Bilateral cleft lip repair (single stage)  
Minor cleft lip revision involving mucosa  
Minor cleft lip revision involving muscle  
Minor cleft lip revision involving skin  
Minor cleft lip revision involving vermilion

## **Alveolar Bone Graft (5 inc O)**

Alveolar Bone graft  
Bone Graft - palatal cleft  
Iliac crest cancellous only bone graft  
Iliac crest block bone graft  
Page : 55 of 59

## **Reference Operation Groups**

### **Palatal/Pharynx Surgery (5 inc O)**

Primary Palate Repair  
Cleft palate re-repair  
Revision pharyngoplasty  
Local flap for palatal fistula  
Tongue flap repair of palatal fistula  
Palatal repair using skin  
Primary repair cleft palate  
Primary repair cleft palate  
Pharyngoplasty  
Pharyngeal flap  
Pharyngoplasty - Sphincter/lateral pharyngeal flaps  
Pharyngoplasty using posterior pharyngeal flap  
Plastic repair of pharynx NEC  
Repair of pharynx  
Unspec. repair of pharynx  
Primary repair of cleft palate – IVVP  
Primary repair cleft palate – Furlow  
Vomer flap repair of hard palate  
Cleft palate re-repair – IVVP  
Cleft palate re-repair – Furlow  
Buccal myomucosal flap repair of cleft palate  
FAMM flap to palate  
Tongue flap repair of cleft palate  
Interpositional sandwiched buccinator flaps lengthening of repaired cleft palate  
Buccal myomucosal flap for palatal fistula  
Direct repair of palatal fistula  
Famm flap for palatal fistula  
Other fistula repair technique  
Repair of palatal fistula with interpositional graft  
Tongue flap division

### **Other Cleft Surgery inc nose**

Cleft rhinoplasty  
Other fistula repair technique  
Other clefts - specify  
Cleft septo-rhinoplasty  
Cleft Oro-nasal fistula closure  
Columella lengthening  
Alloplastic implant(s) - piriform fossa

### **Cleft osteotomies**

Cleft Bimaxillary - lead surgeon  
Cleft Bimaxillary - second surgeon  
Cleft Single Mandible - lead surgeon  
Cleft Single Mandible - second surgeon  
Cleft Single Maxilla - lead surgeon  
Cleft Single Maxilla - second surgeon

### **Cleft Clinic**

Cleft clinic

### **Oral Implant 1st stage inc zygomatic**

Implant Intraoral Osseous Integrated 1st stage  
quad zygomatic dental osseointegrated implant

## Reference Operation Groups

### Preprosthetic Surgery (5 inc O)

Excision Hyperplastic tissue  
Maxillary Tuberosity Reduction  
Other - soft tissue excision  
Mylohyoid muscle repositioning  
Sulcoplasty / Vestibuloplasty Primary Closure  
Sulcoplasty / Vestibuloplasty Mucosal Graft  
Sulcoplasty / Vestibuloplasty Skin Graft  
Sulcoplasty Other  
Excision Exostosis  
Mandible Reduction of Bone Ridge  
Alveoplasty Techniques  
Other - hard tissue excision  
Augmentation Autogenous Bone Graft  
Augmentation Alloplastic Material  
Mandible Ridge Augmentation  
Osteotomy  
Mandible preprosthetic other  
Interpositional bone graft  
Sinus lift  
Ridge augmentation  
Preprosthetic maxilla Osteotomy other

### Extra-oral implants (1st or 2nd stage) (5 inc O)

Implant Extraoral Osseous Integrated 1st stage  
Implant Extraoral Osseous Integrated 2nd stage

### Extra-oral non-vascularised Bone/Cartilage (5)

Iliac crest cancellous only bone graft  
Iliac crest block bone graft  
Iliac crest trephine  
Compound Auto / Allograft bone graft  
Cartilage graft  
Costochondral  
Harvesting of bone grafts: Calvarial split in situ (in vivo)  
Harvesting of bone grafts: Calvarial with craniotomy + splitting (in vitro)  
Harvesting of bone grafts or cartilage: Rib  
Bone Harvest from tibia

### Implant 2nd stage and revision surgery (5 inc O)

Implant Intraoral Osseous Integrated 2nd stage  
Implant Extraoral Osseous Integrated 2nd stage  
Implant Other  
Implant revision surgery

### Fat Transfer/Liposuction (6 inc O)

Submental lipectomy  
Submental lipectomy / liposuction  
Injection of fat

### Scar Revision

Scar Revision  
refashioning of scar NEC  
Scar revision by direct excision + repair

## Reference Operation Groups

### Blepharoplasty (5 inc O)

Blepharoplasty NOS  
Correction of ectropion  
Other - Eye lid surgery  
Blepharoplasty - Lower  
Blepharoplasty - Upper  
Correction of deformity of eyelid  
Correction of entropion  
Correction of ptosis of eyelid use.sling of fascia

### Otoplasty (5 in O)

Pinnaplasty  
Ear Reconstruction - Aesthetic

Meatoplasty of external ear  
Plastic operations on external ear  
Reconstruction of external ear NEC  
Reconstruction of external ear using graft

## **Neck lifts**

Neck lift  
Neck lift platysma plication  
Neck lift platysma plication and digastric reduction

## **Facelift/resurfacing (5 inc O)**

Facelift NOS  
Brow lift  
Dermabrasion  
Facelift + tightening of platysma  
Laser resurfacing  
Mid-face lift  
Submental lipectomy / liposuction  
Chemical peel  
Facelift - Skin only  
Facelift - skin/SMAS  
Facelift other

## **Rhinoplasty (10 inc O)**

Rhinoplasty  
Septorhinoplasty  
Reduction Rhinoplasty  
Augmentation Rhinoplasty  
Hump reduction  
Septorhinoplasty using graft  
Septorhinoplasty using implant

## **Branchial Cyst and Cleft Surgery**

Branchial Cyst / Sinus Excision  
Branchial fistula closure  
Branchial cleft - operations  
Branchial cleft - unspecified ops

## **Dermoid cyst and Lipoma**

Sublingual dermoid  
Excision of lipoma

## **Lymph node biopsy / SNB**

Cervical Lymph node sampling  
Sampling of cervical lymph nodes  
Sentinal Node Biopsy

Page : 58 of 59

## **Reference Operation Groups**

### **Salivary Neck Surgery**

Submandibular Gland Excision  
Oth.spec. excision of salivary gland  
Open submandibular salivary gland biopsy  
Excision of plunging ranula

### **Thyroglossal cyst**

Thyroglossal cyst / duct excision  
Thyroglossal tissue operation

### **Facial Feminisation Surgery**

Thyroid Reduction Surgery  
Lip Lift  
Facial feminisation MDT  
Facial Feminisation Surgery  
Forehead reduction by shaving bone  
Forehead reduction by anterior table osteotomy and setback  
Hairline Advancement  
Mandibular Angle Shave

Page : 59 of 59
