Lower limb reconstruction

Fasciotomy - Lower Limb
Fasciotomy lower leg
Fasciotomy thigh or buttock
Digital amputation foot
Forefoot/ray amputation
Through ankle amputation
Below knee amputation
Above knee amputation
Hind quarter amputation or disarticulation
Direct wound closure
Application of vac
Skin graft - SSG
Skin graft - FTSG
Tissue expander - Insertion of tissue expander
Tissue expander - Removal tissue expander & closure
Local flap - Proximally based fasciocutaneous flap
Local flap - Distally based fasciocutaneous flap
Local flap - Island/propeller flap
Local flap - Medial plantar flap
Local flap - Extensor digitorum brevis flap

Local flap - Tibialis anterior flap
Local flap - Tensor fascia lata flap
Local flap - Lateral calcaneal flap
Local flap - Sural artery flap
Local flap - Other lower limb flap
Distant pedicled flaps - Cross leg flap
Free flap to lower limb
Tendon/muscle belly repair lower leg
Neurosynthesis in lower limb
Neurosynthesis with nerve graft
Other nerve repair technique
Secondary neurolysis in lower limb
Arterial end to end anastomosis
Venous end to end anastomosis
Inset of vein graft into arterial defect
Inset of vein patch
Inset of prosthetic vascular graft
Thigh - Pedicled vastus lateralis flap
Thigh - Pedicled TFL flap
Thigh - Pedicled gracilis flap
Thigh - Pedicled anterolateral thigh flap
Thigh - Pedicled biceps femoris muscle flap
Thigh - Other pedicled thigh flap
Leg - Pedicled saphenous artery flap
Leg - Pedicled gastrocnemius flap
Leg - Pedicled soleus flap
Leg - Pedicled flexor muscle flap
Leg - Pedicled extensor muscle flap
Leg - Pedicled peroneus muscle flap
Leg - Pedicled lateral supramalleolar skin flap
Leg - Pedicled fibular flap
Leg - Cross leg flap
Leg - Other pedicled lower leg flap
Foot - Pedicled dorsalis pedis flap
Foot - Pedicled extensor digitorum brevis muscle flap
Foot - Pedicled medial plantar artery flap
Foot - Pedicled abductor hallucis muscle flap
Foot - Other pedicled flap to foot
Unspecified lower limb amputation
Lower limb soft tissue reconstruction - Unspecified
Debridement of lower limb wound

 Bilateral adjunctive augmentation with mastopexy - Bilateral sub-pectoral breast augmentation & mastopexy
 Bilateral adjunctive augmentation with mastopexy - Bilateral sub-glandular breast augmentation & mastopexy
 Pedicled flap for breast augmentation
 Perforator flap for breast augmentation
 Free flap for breast augmentation
 Subglandular prosthesis augmentation
 Submuscular prosthesis augmentation
 Dual plane breast augmentation
 Exchange prostheses
 Pedicled flaps for bilateral breast augmentation
 Perforator flaps for bilateral breast augmentation
 Free flaps for bilateral breast augmentation
 Bilateral subglandular prosthesis augmentation
 Bilateral submuscular prosthesis augmentation
 Bilateral dual plane breast augmentation
 Bilateral exchange prostheses
 Excision of gynaecomastia
 Combination liposuction & excision of gynaecomastia
 Excision of bilateral gynaecomastia
 Combination liposuction & excision of bilateral gynaecomastia
 Nipple reduction/adjustment
 Correct inverted nipple
 Correction of symmastia
 Therapeutic mammoplasty

Nose primary

Open cleft rhinoplasty
 Closed cleft rhinoplasty
 Nasal tip surgery for cleft
 Secondary rhinoplasty
 Rhinoplasty - Open rhinoplasty
 Rhinoplasty - Open septorhinoplasty
 Rhinoplasty - Open tip rhinoplasty

Rhinoplasty - Closed rhinoplasty
Rhinoplasty - Closed septorhinoplasty
Rhinoplasty - Closed tip rhinoplasty

Nose cross-over

Nasal grafting
Septum - Septal perforation closure
Septum - Septoplasty
Septum - Sub-mucous resection
Local flap - Forehead & bone flap
Local flap - Forehead & cartilage flap
Free flap maxillary or nasal reconstruction
Nasal reconstruction - Composite graft for alar rim reconstruction
Nasal reconstruction - Cartilage graft to alar

Reference Operation Groups

Ear primary

Correction lop ear
Correction prominent ears
Other otoplasty procedure
Correction lop ear
Correction prominent ear
Correction of other complex ear anomaly

Ear cross-over

Alloplastic implant procedure
Local skin flap for first stage auricular reconstruction
Fascial flap & skin graft for first stage auricular reconstruction
Free flap for first stage auricular reconstruction
Simple second stage auricular reconstruction
Complex second stage auricular reconstruction
Correction of cryptotia surgery
Insertion of tissue expander
Procedure for lobule reconstruction
Costal cartilage - Costochondral graft inset

Facial contouring primary

Genioplasty
Contour augmentation with bone only
Contour augmentation with alloplastic only
Contour augmentation with dermofat graft
Contour augmentation with lipofilling
Contour augmentation with free flap
Submental liposuction
Platysmaplasty
Reduction genioplasty
Augmentation genioplasty
