

Reference Operation Groups

Laparoscopic/robotic/open nephrectomy [20]

Nephrectomy - (any)
Bilateral nephrectomy
Radical nephrectomy open
Simple nephrectomy
Nephro-ureterectomy - (any)
Nephro-ureterectomy - cystoscope assisted ureterectomy
Nephro-ureterectomy with open lower ureterectomy
Nephro-ureterectomy with pluck lower ureterectomy
Partial nephrectomy - (any)
Heminephrectomy for duplex kidney
Heminephrectomy for horseshoe kidney
Lower polar partial nephrectomy
Middle partial nephrectomy
Upper polar partial nephrectomy
Enucleation of renal tumour
Open excision of renal lesion
Nephropexy
Open pyeloplasty - (any)
Anderson Hynes pyeloplasty
Culp pyeloplasty
Plication and pyeloplasty of kidney
Plication of kidney
Revision of pyeloplasty
Suture of renal laceration
Removal of tumour from IVC
Vaginal buttress operation
Lap.radical nephrectomy
Lap. simple nephrectomy
Lap.partial nephrectomy
Lap.enucleation/resection of renal tumour
Lap nephroureterectomy
Laparoscopic pyeloplasty(any type) +/- pyelolithotomy
Laposcopic revision of pyeloplasty
Hand asstd Lap radical nephrectomy
Hand asstd Lap simple nephrectomy
Hand asstd Lap partial neph (benign)
Hand asstd Lap enucleation/resection of renal tumour
Hand asstd Lap nephroureterectomy
Unilateral adrenalectomy, laparoscopic, retroperitoneal
Unilateral adrenalectomy, laparoscopic, transperitoneal
Bilateral adrenalectomy, laparoscopic, transperitoneal
Robotic assisted pyeloplasty
Robotic Assisted Nephrectomy
Robotic Assisted Partial Nephrectomy
Removal of Tumour from renal vein

Radical Prostatectomy [10]

Radical cystoprostatectomy
Radical cystoprostatectomy-urethrectomy
Salvage cystoprostatectomy
Salvage cystoprostatectomy-urethrectomy
Open prostatectomy - (any)
Perineal prostatectomy
Radical prostatectomy
Retropubic prostatectomy
Transvesical prostatectomy
Robotic radical prostatectomy (Total excision of prostate and capsule of prostate)

Reference Operation Groups

Cystectomy [10]

Partial cystectomy
Partial cystectomy with excision of urachal remnant
Radical cystoprostatectomy
Radical cystoprostatectomy-urethrectomy
Radical cysto-urethrectomy - female
Salvage cystoprostatectomy
Salvage cystoprostatectomy-urethrectomy
Salvage cysto-urethrectomy - female
Simple cystectomy

Lap.radical cystoprostatectomy
Lap. subtotal cystectomy
Robotic assisted radical cystectomy / pelvic exenteration
Cystectomy - salvage

Ileal conduits [10]

Construction of standard ileal conduit
Revision of ileal conduit
Laparoscopic construction of ileal conduit

Andrology (PDS surgery, penile cancer, prosthetics) [20]

Amputation of penis - (any)
Partial amputation of penis
Total amputation of penis
Biopsy of penis
Destruction of lesion of penis - Not Elsewhere Classified
Drainage of penis
Excision of lesion of penis
Excision of Peyronie's plaque and insertion of graft
Incision of penis - Includes incision of penis for Peyronie's disease
Removal of constricting object around penis
Plication of Corpora of Penis
Suture of penis
Aspiration of corpora for priapism
Creation of saphenocorporal shunt
Distal shunt for priapism
Proximal shunt for priapism
Penile revascularisation for impotence
Penile injection to produce erection
Injection into penis to produce artificial erection or deflate priapism
Repair of fracture of penis
Corporal revascularisation
Creation of Corporal Shunt
Glansectomy with SSG grafting
Epispadias Repair

Reference Operation Groups

Female urology - TOT, TVT, colposuspension including male incontinence procedures,

Endoscopic suburethral injection in male - (any)
Submucous Teflon injection to male bladder neck
Burch colposuspension
Marshall Marchetti Krantz retropubic suspension of urethra
Needle suspension procedure of bladder neck
Sling procedure of bladder neck
Vaginal buttress operation
Implantation of prosthetic sphincter around female bladder neck
Activation of bulbar urethral prosthesis for incontinence
Implantation of bulbar urethral prosthesis for incontinence
Activation artificial urinary sphincter bladder neck/urethra
Implantation prosthetic sphincter male bladder neck/urethra
Removal artificial sphincter from male bladder neck/urethra
Tension-free vaginal tape insertion
Total removal of TVT
Cystoscopy and injection of Botulinum toxin into bladder wall
Transobturator Tape insertion
Transobturator Tape removal
Artificial Sphincter Insertion
Artificial Sphincter Revision
Suprapubic Fascial Sling Insertion
Vaginal Tape Insertion

Paediatric urology - circumcision, UDT, PPV [20]

Circumcision - (any)
Standard circumcision
Plastibell circumcision
Revision of circumcision
Excision of hooded prepuce
Freeing of preputial adhesions
Frenuloplasty of penis
Prepuceplasty
Release of penis from zip fastener
Stretching of prepuce

Eversion operation for hydrocele - Jaboulay
Excision of hydrocele sac
Excision/ligation of patent processus vaginalis
Plication operation for hydrocele - Lord's
Scrotal Orchidopexy for twisted spermatic cord
Orchidopexy - (any)
One stage orchidopexy
Two stage orchidopexy - (any)
First stage of two stage orchidopexy
Second stage of two stage orchidopexy
Insertion of testicular prosthesis
Laparoscopic excision of aberrant testis
Laparoscopic first stage orchidopexy
Laparoscopic second stage orchidopexy

Anderson Hynes pyeloplasty
Culp pyeloplasty
Plication and pyeloplasty of kidney
Plication of kidney
Revision of pyeloplasty
Suture of renal laceration
Removal of tumour from IVC
Vaginal buttress operation
Lap.radical nephrectomy
Lap. simple nephrectomy
Lap.partial nephrectomy
Lap.enucleation/resection of renal tumour
Lap nephroureterectomy
Laparoscopic pyeloplasty(any type) +/- pyelolithotomy
Laposcopic revision of pyeloplasty
Hand asstd Lap radical nephrectomy
Hand asstd Lap simple nephrectomy
Hand asstd Lap partial neph (benign)
Hand asstd Lap enucleation/resection of renal tumour
Hand asstd Lap nephroureterectomy
Unilateral adrenalectomy, laparoscopic, retroperitoneal
Unilateral adrenalectomy, laparoscopic, transperitoneal
Bilateral adrenalectomy, laparoscopic, transperitoneal
Robotic assisted pyeloplasty
Robotic Assisted Nephrectomy
Robotic Assisted Partial Nephrectomy
Removal of Tumour from renal vein

Radical Prostatectomy [10](COPY)

Radical cystoprostatectomy
Radical cystoprostatectomy-urethrectomy
Salvage cystoprostatectomy
Salvage cystoprostatectomy-urethrectomy
Open prostatectomy - (any)
Perineal prostatectomy
Radical prostatectomy
Retropubic prostatectomy
Transvesical prostatectomy

Robotic radical prostatectomy (Total excision of prostate and capsule of prostate)

Emergency operations

Elective operations

Reference Operation Groups

Cystectomy [10](COPY)

Partial cystectomy

Partial cystectomy with excision of urachal remnant

Radical cystoprostatectomy

Radical cystoprostatectomy-urethrectomy

Radical cysto-urethrectomy - female

Salvage cystoprostatectomy

Salvage cystoprostatectomy-urethrectomy

Salvage cysto-urethrectomy - female

Simple cystectomy

Lap.radical cystoprostatectomy

Lap. subtotal cystectomy

Robotic assisted radical cystectomy / pelvic exenteration

Cystectomy - salvage

All Urology procedures

Robotic operations

Robotic radical prostatectomy (Total excision of prostate and capsule of prostate)

Robotic assisted radical cystectomy / pelvic exenteration

Robotic assisted pyeloplasty

Robotic Assisted Nephrectomy

Robotic Assisted Partial Nephrectomy

Robot Assisted Pelvic Lymph Node Dissection

Retroperitoneal LND

Block dissection of para-aortic nodes

Sampling of para-aortic lymph nodes

Retroperitoneal lymph node dissection

Robot Assisted Pelvic Lymph Node Dissection
